ROTMAN INSTITUTE OF PHILOSOPHY GRADUATE STUDENT MEMBER FORM

Thank you for your interest in joining the Rotman Institute of Philosophy. Please note this form contains an exhaustive list of all fields that may be included on a member profile, but that graduate student applicants are not expected to have content to complete the entire form (e.g., many student applicants will not yet have publications, or be involved in an Institute research project).

Please complete sections I-III, and any applicable fields remaining on this form, and submit it to **rotman@uwo.ca**. Applications will be considered on a rolling basis. Institute staff will contact you once your application has been reviewed.

	onou.
	I am applying to become a non-resident member.
	I am applying to become a resident member.
	Does your faculty supervisor support you becoming a resident member? (yes / no)
I. P	ERSONAL INFORMATION
Full	Name:
Deg	grees:
Title	e: Doctoral Student or M.A. Student (please select one)
Fac	ulty Supervisor:
E-m	nail address:
	ase include links to your personal website or any additional profiles you'd like to have included on ir member profile on our website (such as PhilPapers, Twitter, etc.):

Please write a brief (1 - 2 paragraphs) expression of interest in joining the Institute, including a discussion of your research interests.

Revised: October 2018

II. BIOGRAPHY

Please write a short, concise biography aimed at lay-readersapproximately 150-200 words or less. This
statement will be included on your member profile of the Institute website. See an example biography
<u>here</u> , and see our current graduate student biographies <u>here</u> .

III. RESEARCH

Primary Research Areas (max 3):

-

-

_

Please write a more detailed biography, specifically focused on research, and with some level of technical language if required. This will also be included on your profile on the website. Length of this statement is less important, and it can be more detailed, and more targeted at specialist readers, though keep in mind some lay-readers will be reading it as well. Again, see an example research description here, and see our current graduate student research statements here.

IV. PUBLICATIONS

Please list any publications in the following areas (include links where applicable).

Books [written or edited]

Edited Journals

Articles

Book Chapters

Revised: October 2018 2

<u>Doctoral Thesis</u>
MA Thesis
Invited Talks
Conference Presentations
